Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER which provides key information on the 2013-14 educational progress for Madison High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact the High School Principal for assistance.

The AER is available for you to review electronically by visiting the following website <http://www.madisonschools.k12.mi.us/schools/hs/> or you may review a copy in our main office at the High School.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Our school has not been identified with one of these labels for the 2013-14 school year. I am excited to inform you that our percentile ranking has risen in 2014 to 23% up from 15% in 2012-13. Part of our upward ranking can be contributed to our instructional practices, restructuring our grading practices, focus on curriculum alignment, new career and technical educational programs, and offering college courses to eligible students on our campus. State law requires that we also report additional information. To have this letter meet the state requirements, each school should provide a report (where applicable) for the two most recent years on the following:

1. *Process for assigning pupils to the school:* All promoted ninth– twelfth grade student residents are eligible to attend Madison High School. We also are a School of Choice District where residents from in and outside Oakland County can complete an application form in advance of being enrolled at the high school. We provide Special Educational Service programs for students with disabilities and they are placed into the appropriate educational program based on their IEP.
